

LIFTERS

CTP Lifters/Tappets are designed for extreme performance and quiet valvetrain operation. We offer a wide range of designs including flat bottom lifters and roller design lifters. Valvetrain geometry and accuracy are the key to improved fuel economy and overall engine performance. CTP lifters are manufactured from the finest materials and maximum hardness for a long reliable life.

Part No.	Engine Model	Mechanism Attached to:
7C6078	3116	Fuel Pump & Valve
1329793	3208	Valve Gp
9N5786	1140, 1145, 1150, 1160, 3145, 3150, 3160, 3208	Cylinder head & Valve
8N1317	3304, 3306	Fuel Injection
4223883	3306, 3406/C, 3408/C/E, 3412/E, G3406	Valve Gp
4W0736	3406, 3408B, 3412	Fuel Injection
3467515	3508, 3512, 3516, G3508, G3512/E, G3516	Valve Gp
2027475	C10, C11, C12, C13, 3176/C, 3196	Valve Gp
2511005	C10, C11, C12, C13, 3176/C, 3196	Valve Gp
4535998	C9, C9.3	Valve Gp
1021561	D379, D398, D399, G398	Cylinder head & Valve
7S3161	D6C, D7F, D330A, D330C, D333A/B,C, 3304, 3306	Cylinder head & Valve
6N6794	D6D, 120G, D5B	Pump Gp & Fuel Injection
5S1220	D7E, D8, D8H, D342	Cylinder head & Valve
2H3069	D9, D9D, D9E, D9G, D353	Cylinder head & Valve
